

**KEY**

**Hydrology**

- Watercourses
- Natural Floodplains
- Waterbodies

**Topography**

- Landform
- Area not covered by Topographical Data

Major Settlements

County Boundaries

Major Roads/Railways

Information provided courtesy of the Environment Agency

This figure represents relevant available information provided by stakeholders at the time of the study, and may not be exhaustive. CBA cannot guarantee the accuracy of digital datasets received, which have been used in good faith without modification or enhancement. The Strategic GI Network Plan illustrates indicative GI assets at a strategic level, which do not necessarily indicate a constraint on development.
