

# 6Cs Growth Point Green Infrastructure Strategy

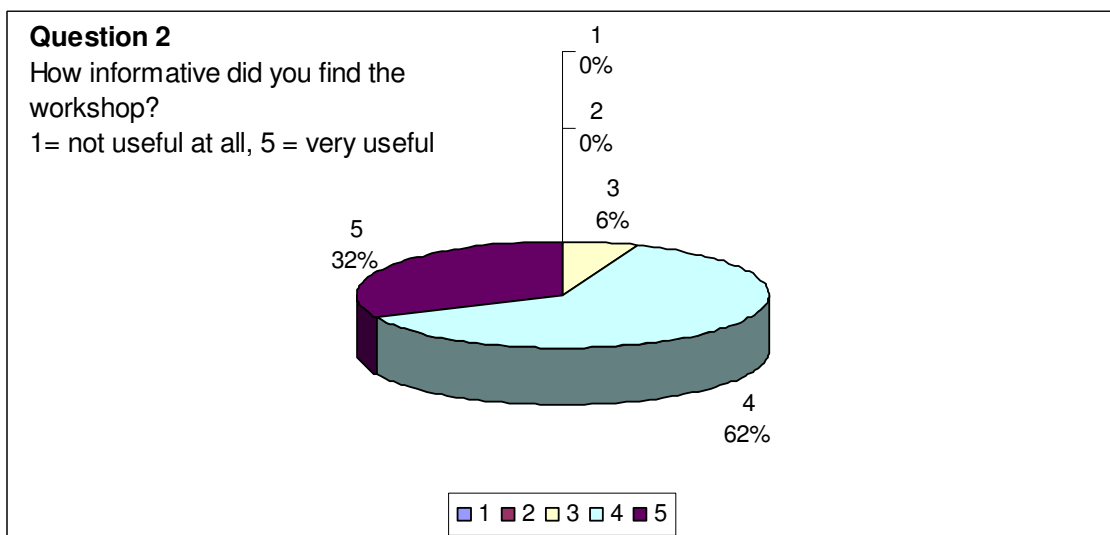

## Stage 1: Baseline Audit of Strategic GI Assets Stakeholder Workshops, January 2009

### EVENT FEEDBACK FORM - RESULTS

#### 1. Date of Workshop attended

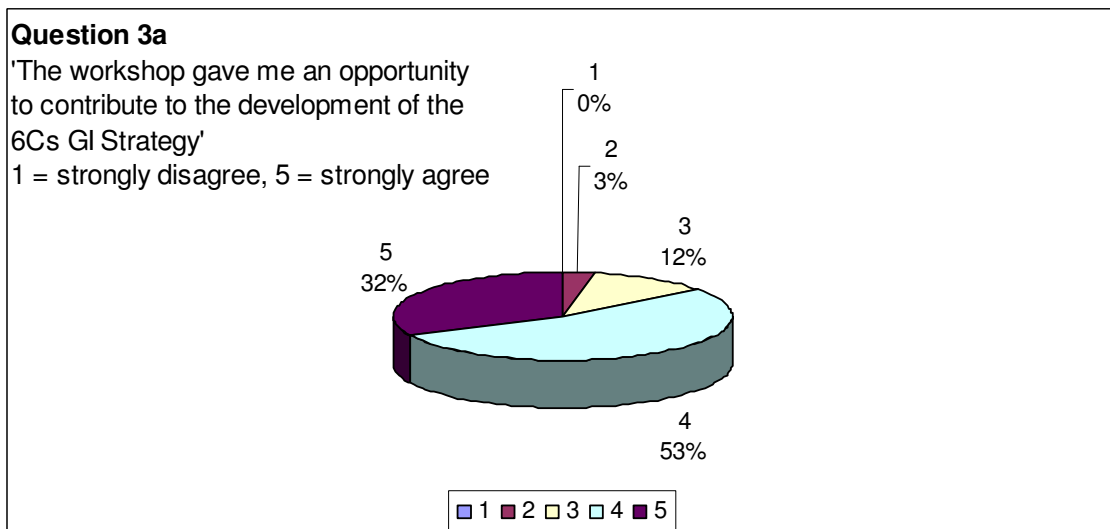

29<sup>th</sup> January 2009, Devonshire Place, Leicester.

#### 2. Please circle a number to indicate how informative you found the workshop to be

#### 3. Do you agree with the following statements?

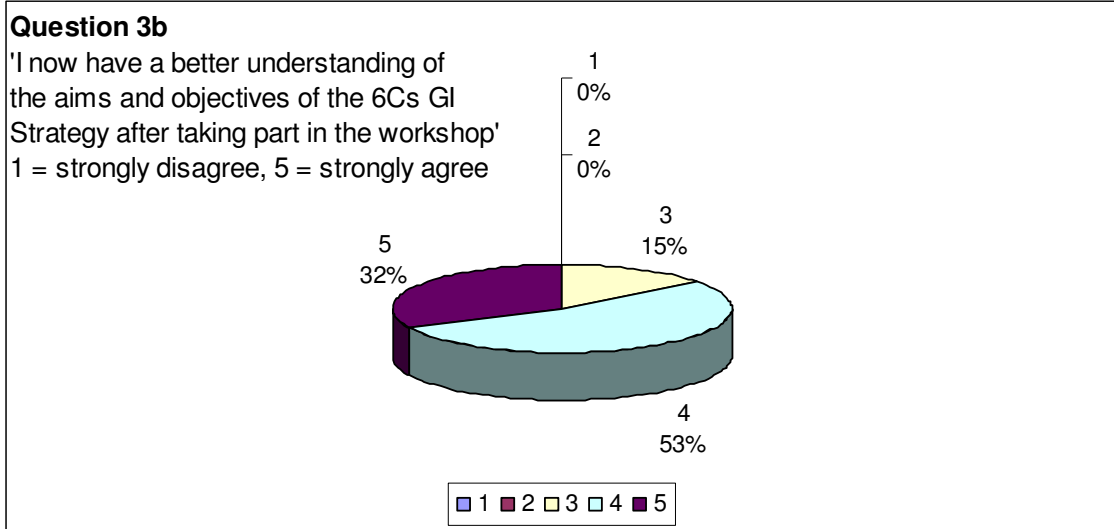

*a) The Workshop gave me an opportunity to contribute to the development of the 6Cs GI Strategy.*

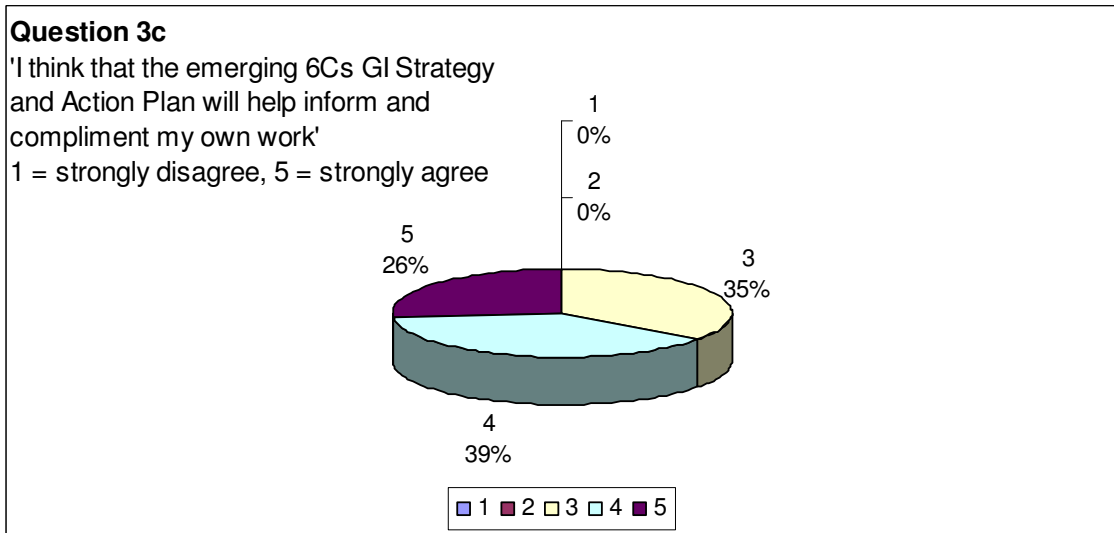

# 6Cs Growth Point Green Infrastructure Strategy

*b) I now have a better understanding of the aims and objectives of the 6Cs GI Strategy after taking part in the workshop.*

*c) I think that the emerging 6Cs GI Strategy and Action Plan will help inform and compliment my own work?*

**If so how?**

- “Identification of future projects – linkages to existing and other projects”
- “LDFs/masterplans for SUEs”
- “Need to ensure professional ‘local expertise’ input”
- “Influence evidence base for LDF & core strategy. Enable us to draw down work load to local level”
- “Making linkages & partnerships that fit with the priorities identified in the 6Cs Plan. Also much greater background knowledge of the area and projects in it. Will use this info to inform our own strategic plans.”

# 6Cs Growth Point Green Infrastructure Strategy

- “I need to be involved/informed because my members (farmers) own and farm a lot of the land in the strategy area. We need to inform our members of what is going on. NFU can do this.”
- “Looking at how local CPRE projects can compliment/feed in to the Strategy”
- “Hopefully canal corridors will be given equal status to river corridors”
- “To reinforce the work of Stepping Stones and help with accessing funding”
- “Inform future projects and target development of existing open space sites”
- “Will contribute towards meeting RES priorities through the delivery of the Growth Point”
- “Historic environment opportunities and strategies within LDFs etc.”
- “Local conservation work”
- “Methodology and approach useful for applying to our GI projects”
- “Targeting priority areas for action”
- “Will offer strategic context for our work, create links with parallel disciplines etc.”
- “Support for projects – funding & support for bids. Justification for habitat creation, enhancement and protection.”
- “development strategy already being produced for River Soar Grand Union Canal. Also the Erewash Canal access strategy is being produced. Will assist in unlocking the social, economic and environmental potential of the inland waterways which are already functional assets.”

#### 4. Would you like to be kept informed about the development of the 6Cs GI Strategy and Action Plan, including feedback from the January 09 workshops?

Yes 100% No 0%

#### 5. We hope that in attending this event you had an enjoyable and informative experience. If you have any further comments or feedback please use this space to let us know.

- “Importance of existing groups as evidence of need (e.g. OnTrent/ Greenwood/ Stepping Stones)”
- “Thank you for organising. Would support a second workshop”
- “V. well facilitated”
- “It is really important to recognise what is already there and the existing plans and aspirations set out in local greenspace strategies/development plans. Also to look at quality as well as quantity of provision and to make the most of recognised greenspace quality standards as a bench mark for driving investment in qualitative improvement.”
- “County map at larger scale would have been useful. V. informative & enjoyable”

Thank you for your participation
